ThermOne™

THE ONLY THERMOSTATIC VALVE TO OFFER VOLUME AND TEMPERATURE CONTROL WITH ONE SINGLE HANDLE, JUST LIKE A PRESSURE BALANCE!

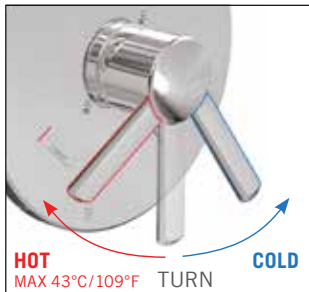

NEW TECHNOLOGY

ONE LEVER, TWO CONTROLS

ON/OFF and volume control

Temperature control

THERMOTECH

The THERMO-DRY™ cartridge technology avoids any risks of hot/cold water cross contamination. It can safely be used in any type of residential or commercial project.

SAFETY FIRST!

Anti-scald technology for peace of mind. A thermostatic cartridge that is factory pre-set not to exceed 43°C / 109°F.

THERMAL COMFORT

Adjust your temperature precisely, every time, no matter how cold or hot the water supply is during the year.

ENERGY SAVING

Helps reduce energy costs with temperature control technology.

EASY INSTALLATION

Factory temperature pre-set eliminates the need to calibrate the thermostatic cartridge during installation.

Temperature limit can also be easily raised if desired.

ThermOne™ Valve

Features

- Solid brass
- Service check valves/stop valves
- Test cap
- Bottom outlet – NPT/sweat

- Top outlet and inlets – NPT/sweat, PEX (PEX-B) or WB (PEX-A) – see specifications drawings below
- Flow rate: 4.5 gpm (17L/min.) at 45 psi

Features

- 1/2" male water inlet - NPT
- Brass construction
- Square flange

4" ceiling arm with round flange

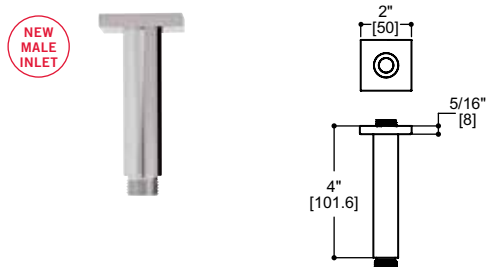

| Code | Price | Certification |
|--------------|----------------------------------|---------------|
| 90848 | Polished Chrome (01) \$49 | |
| | Electro Black (41) \$59 | |

Features

- 1/2" male water inlet - NPT
- Brass construction
- Round flange

4" ceiling arm with square flange

| Code | Price | Certification |
|--------------|----------------------------------|---------------|
| 90847 | Polished Chrome (01) \$49 | |
| | Electro Black (41) \$59 | |

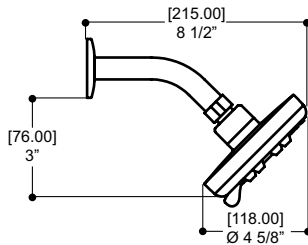

Features

- 1/2" male water inlet - NPT
- Brass construction
- Square flange

SHOWER SHOWERHEADS

Round showerhead

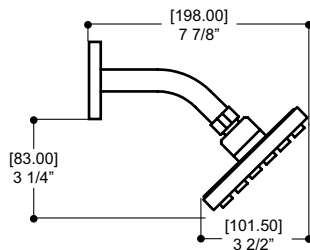

| Code | Price | Certification |
|--------------|----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 90811 | Polished Chrome (01) \$79 |   |
| | Electro Black (41) \$109 | |

Features

- Triple function round showerhead (rain, massage, mist)
- Pivoting ball joint
- Curved shower arm with round flange
- Water-efficient flow rate: 2 gpm (7.5 L/min)

Square showerhead

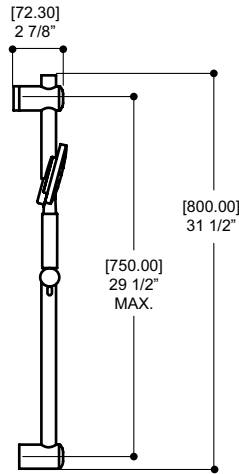

| Code | Price | Certification |
|--------------|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 90812 | Polished Chrome (01) \$79 |   |
| | Electro Black (41) \$109 | |

Features

- Single function square showerhead
- Pivoting ball joint
- Curved shower arm with square flange
- Water-efficient flow rate: 2 gpm (7.5 L/min)

Round complete shower rail

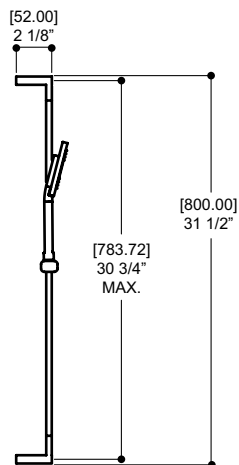

| Code | Price | Certification |
|--------------|-----------------------------------|---------------|
| 90840 | Polished Chrome (01) \$179 | |
| | Electro Black (41) \$249 | |

Features

- 31.5" round rail with adjustable handshower support
- Triple function round handshower (rain, massage, mist)
- 5' double interlock flexible hose, anti-torsion (chrome-01) or 5' PVC hose, anti-torsion (Electro Black-41)
- Water-efficient flow rate: 2 gpm (7.5L/min)

Square complete shower rail

| Code | Price | Certification |
|--------------|-----------------------------------|---------------|
| 90841 | Polished Chrome (01) \$179 | |
| | Electro Black (41) \$249 | |

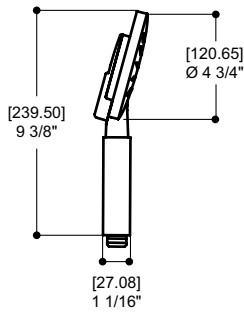

Features

- 31.5" square rail with adjustable handshower support
- Triple function square handshower (rain, rain/massage, massage)
- 5' double interlock flexible hose, anti-torsion (chrome-01) or 5' PVC hose, anti-torsion (Electro Black-41)

WARRANTY

WARRANTY

ALT offers a lifetime warranty against defects in materials and workmanship under normal conditions of use, care and maintenance of the product(s), for as long as the original purchaser owns their home. The warranty applies only when the product is purchased from an authorized Alt dealer. It is not transferable and is limited to products sold and installed in Canada and the United States.

OUR WARRANTIES FOR RESIDENTIAL APPLICATIONS

- Limited lifetime warranty for ceramic disc cartridges.
- Five (5) year warranty for all other cartridges (thermostatic cartridges, diverters, check stop mechanisms etc.).
- Limited lifetime warranty for the polished chrome, stainless steel and PVD finishes.
- Three (3) year warranty for all other finishes.
- Two (2) year warranty for electronic faucets and components (batteries are not covered by our warranty).
- Five (5) year warranty for all other ALT product(s) and parts.

FOR COMMERCIAL PURCHASERS, the same conditions apply except the warranty period is limited to Five (5) years for multi-family residential applications and two (2) years for all other commercial/industrial applications, in each case from the date of original purchase.

For purposes of this warranty, the term “multi-family residential application” refers to the purchase of the faucet from an authorized ALT seller by a purchaser who owns but does not live in the residential dwelling in which the faucet is initially installed, such as in a rented or leased single unit or multi-unit detached home (duplex or townhome), or a condominium, apartment building or community living center. “Industrial, institutional, or other business premises”, such as hospitality, dormitory, airport, educational facility, long- or short-term healthcare facility, public space or common areas are subject to the 2 years warranty.

OUR WARRANTY ON FINISHES

Polished chrome, stainless steel and PVD finishes carry a limited lifetime warranty against defects. All other Alt finishes are warranted for three (3) years. Finishes on drains are not covered by the warranty, nor the normal wear of any finish. Normal wear and tear is the expected decline in the condition of a product/finish due to normal everyday use. We highly recommend you carefully read the care and maintenance detailed instructions.

OUR COMMITMENT

We will repair or replace, free of charge, during the applicable warranty periods listed above, any product, part or finish that is proven defective in material and/or workmanship under normal installation, condition of use, care and maintenance of the product(s). Replacement parts for discontinued products will be made available, under warranty or not, until stock lasts. Under the period(s) of the warranty listed above, if the required replacement product, part or finish is no longer available, an equivalence will be recommended and provided, free of charge.

OUR WARRANTY EXCLUSIONS

- Damage caused by inadequate installation, misuse, lack of care and maintenance of the product(s).
- Surface damage caused from using abrasive products, such as detergents.
- Corrosion resulting from exposition to chemically reactive products, such as Chlorine.
- Damage caused by hard water, calcareous deposits or sediments.
- Damage or loss occurred by a natural calamity such as fire, earthquake, flood, electrical storm.
- The installation of any Alt products by a non-accredited professional.

Any labor or shipping charges, or damages whatsoever incurred in whole or in part from installation, removal, re-installation, repair or replacement of any Alt product or part, as well as any incidental or consequential damages, expenses, losses, direct or indirect, arising from any cause whatsoever.

OUR WARRANTY CLAIM PROCESS

To exercise our warranty, a proof of purchase – such as a copy of invoice – must be made available to our distribution center. Depending on the complexity of the defective product, an inspection can be required prior to approving the warranty claim. Should you require any technical or warranty assistance, please visit us at:

CERTIFICATION AND COMPLIANCE

ALT products are certified by IAPMO Uniform Plumbing Code (UPC).

LEAD FREE

All drinking water faucets are certified Lead Free.

ALT faucets and shower components exceed industry standards in water conservation. They are equipped with efficient ecological aerators that reduce water consumption by at least 20% without giving up performance. Adjustments for specific restrictions can be made to coordinate with regional flow rate allowances. In these cases, please contact your local ALT representative for further details.

Products assigned with the **ADA** compliant symbol are conformed to the Americans with Disabilities Act requirements.

DISTRIBUTION

ALT products are distributed across North America by AD Waters, exclusive distributor of the brand. Please contact your local AD Waters customer service desk for any queries related to any ALT products.
