Ca'Bano

HOUSE OF BATHS

Welcome to Ca'bano, House of Baths

Since our beginnings in 1999, we have always maintained high quality and trend setting design at the very essence of our product line. This vision has allowed us to grow to a position of leadership in the Canadian market, with an impressive list of influential retailers and a vast portfolio of projects of all sizes.

With the expansion of our distribution network in the United States and international markets, the launch of this catalogue represents an important step in the evolution of our company. The introduction of our fresh updated look and the revised version of our brand identity are the visible aspects of what is for us a renewed commitment to excellence. The *Ca'bano, House of Baths* signature introduces a phonetic visualization of our name which salutes our Italian heritage.

The Ca'bano brand remains synonymous with luxury bathroom and kitchen water fixtures. This catalogue presents no less than 15 outstanding collections of bathroom faucets with matching shower components and accessories. Our kitchen product line is equally impressive with a vast choice of designs and functionality.

We continue to be attentive to the evolution of design and to the needs of all our partners – retailers, architects, interior designers and builders – in order to earn and maintain the privilege of evolving in this exciting field.

The Ca'bano name represents the best of what we are combined with the will and the ambition to reach new heights.

Dan Cleutin, President of Ca'bano

MILESTONES

1999

Launch of the first Cabano catalogue

2003

Introduction of minimalist designed faucets with the Tech series

2010

First stacked thermostatic valve with a narrow plate design (vertical and horizontal installation)

2011

3Sixty series in Matt Black

2012

"made in Italy" brand identity campaign

2014

First industrial design with Century series

FINISHES

Ca'bano designer finishes

Ca'bano is proud to announce the introduction of 6 designer finishes for the 2018/2019 selection, in addition to our standard polished chrome and brushed nickel (kitchen faucets).

This palette of designer finishes was carefully selected to complement various faucet lines.

The specifics of each finish along with their availability are listed below.

Please note that the pictures of the finishes shown below should only be considered as visual guidance.

MATT BLACK

Made in Italy

- Baked on Powder Coat finish, matt black
- Availability: 3SIXTY (p.75) and LEXUS (p.155).
Stock Items

GRAPHITE

Made in Canada

- Electro-plated finish, matt dark grey
- Availability: CENTURY (p.13)
Special order, 10 weeks lead time

MONTREAL BLACK

Made in Canada

- Electro-plated finish, matt black
- Availability: PROGRAM 1 (p.59)
Special order, 10 weeks lead time

BRUSHED GOLD

Made in Canada

- Electro-plated and lacquered finish
- Availability: PROGRAM 1 (p.59)
Special order, 10 weeks lead time

PVD Black

Made in Italy

- PVD, matt black
- Availability: BLACKSMITH (p.29)
Stock Items

BRITISH GOLD

Made in Canada

- Electro-plated and lacquered finish
- Availability: CENTURY (p.13)
Special order, 10 weeks lead time

WARRANTY

Ca'bano Product Warranty

MECHANICAL WARRANTY: Ca'bano warrants its products, in a residential application, to be free from defects in material and workmanship for a period of 5 years from the original date of purchase by the original consumer owner. This warranty is limited to the terms and conditions stated below.

FINISH WARRANTY: Ca'bano warrants the finish of its products, in a residential application, to be free from defects in material and workmanship for a period of 5 years from the original date of purchase by the original consumer owner. This warranty is limited to the terms and conditions state below.

LIMITED LIFETIME WARRANTY: Ca'bano warrants to the original consumer purchaser that their Ca'bano faucet will be drip free during normal residential use, for as long as the original consumer purchaser owns their own home. All other purchasers, including industrial, commercial (including new condominiums supplied through the mechanical contractor), and business uses are warranted for a period of 2 years. This warranty is limited to the terms and conditions stated below.

WARRANTY CONDITIONS:

1. This warranty is non-transferable.
2. This warranty is extensive in that it covers the replacement of all defective parts and finishes. Damage due to installation error, product abuse, product misuse, or use of cleaners containing abrasives, alcohol or other organic solvents are excluded from this warranty.
3. This warranty excludes damage due to aggressive air or water conditions such as hard water or proximity to salt water.
4. Ca'bano will not be responsible for labor charges and for damages incurred in installation, repair, or replacement, nor for any indirect, incidental or inconsequential damages, losses, injuries or costs of any nature relating to your Ca'bano product. Except as provided by law, this warranty is in lieu of and excludes all other warranties, conditions, and guaranties, whether expressed or implied, statutory, or otherwise, including without restriction those of merchantability or a fitness per use.
5. Proof of purchase (original sales receipt) from the original consumer purchaser must accompany all warranty claims.
6. Defects or damages caused by the use of other than genuine Ca'bano parts are not covered by this warranty.
7. Approved warranty parts will be shipped free of charge directly to the original consumer purchaser or to the dealer the original consumer purchased it from. At times product must be inspected before a warranty claim can be approved. Ca'bano will advise you of the procedure to follow.

Care & Cleaning

Ca'bano products are made of the highest quality material and workmanship. All cleaning must be done using only water, a neutral soap, and a clean soft cloth, then wiped dry. This should be done on a regular basis. In areas of hard water, we recommend that the surface be dried after each use, especially on decorative finishes other than chrome.

Do not use any abrasive material or detergents. Some solutions and detergents contain acid and can destroy the finish.

RETURN POLICY

Return Procedure

1. A Return Good Authorization form (RGA) must be filled out before product can be returned and credit is issued. If you do not have an RGA form, one can be sent to you upon request. Once this form is filled out and emailed/faxed to Ca'bano, it will be signed and sent back with an authorization number. The original purchase order number for the returned product must be stated on all RGA requests. A copy of the customer receipt and Ca'bano invoice may also be requested in order to research and process the return.
2. Ca'bano will issue credit only upon receipt and inspection of returned goods. Ca'bano is not responsible for return shipping and freight charges. Any returned products that have not been reported and authorized, or have been damaged beyond repair, will be refused and sent back. A copy of the RGA form must be sent with all returned product.
3. A mandatory restocking charge of 15% will be applied to all returned goods. A higher restocking charge will be placed on goods that are returned in poor condition or have been held for a long period of time. Restocking charges will be waived only involving a warranty claim or Ca'bano error.

This restocking charge is required to cover the cost of the following:

- Researching original sale
- Inspecting returned products for damaged or missing parts
- Repairing any damaged or missing parts
- Re-boxing product with damaged packaging

Installed Products

Installed products are not returnable goods. All manufacturer defects will be honored as a warranty claim. As such, Ca'bano will provide the necessary parts free of charge in order to repair the product to working order. Labor is not included. Written authorization from a Ca'bano customer service representative will be needed for a complete replacement. Defective products require the same handling and care as non- defective product. Credit will only be issued upon return and inspection of the defective product.

Warranty Inspection/Service Call

All warranty claims must be authorized by Ca'bano or an authorized agent. In some cases, an onsite inspection is required for a warranty claim or a service call. Please fill out a Ca'bano On-Site Inspection Form, and return by email/fax. If you do not have such form, one can be sent to you upon request. Please note that Ca'bano will charge the home owner for any onsite inspection that is not determined to be the fault of a Ca'bano product.
